## OUR STORY

### BELLAGAVE BEGAN WITH A QUEST

We were looking for an infused tequila that we could feel good about drinking. We wanted a brand that put quality first and still mixed into the cocktails we love. When we couldn't find one, we decided to create it ourselves.

### A BETTER FOR YOU INFUSED TEQUILA

- 100% Blue Weber Agave
- All-natural Ingredients
- No artificial flavors or colors
- **LOW SUGAR** | Mango-Jalapeño has 0g of added sugar; Coconut has <10g of added sugar per 1L
- **LOWER ABV** | 70 Proof allows the flavor to shine
- Create low calorie cocktails by eliminating the need for flavored liqueurs
- Easy at-home consumption

## OUR PROCESS

Bellagave Infused Tequila is made at Casa Maestri Distillery (NOM 1438), the most awarded female owned and operated distillery in Mexico. We always start with 100% Agave Blanco Tequila, which is produced from Blue Weber Agave from both the highland and lowland regions of Jalisco.

The agaves are cooked in both traditional brick ovens and autoclaves, then shredded to extract the sugars. We use a slow fermentation process (48–60 hours) and double distill in pot stills. Our tequila is then infused with natural flavors and reduced to 70 proof for an easy-drinking experience.
